This period begins after you start the merit badge, and you will need to record some notes and observations about your dog's health and activity during that time. Punishment is counterproductive and harms a dog's ability to trust. It's also a good idea to ask your veterinarian for nutritional advice, especially if you notice any changes in your pet's health. Feel free to send evidence of completing all other requirements prior to sending evidence that you have cared for your dog for two months. All of your work should be submitted by e-mail to chickasawvirtualmb@gmail.com; after review, we will send you a digital blue card to reflect the requirements you have completed. Maintaining the human-canine bond is vital for your dog to thrive and is a major component of basic dog care that many people disregard. When your dog has to spend extended periods of time alone, give it something to do. Then again, some people prefer more of an open living arrangement and train their dog to obey house rules without a crate. You can always purchase hard-copy merit badge pamphlets through ScoutShop.org. This is where your dog can go for some down time when things get a little overwhelming. Studies have shown that the vast majority of recipes available in books or online are not nutritionally complete or balanced. If there are updates made to a pamphlet, you'll need to purchase the updated version. Others offer a money-back guarantee if your dog doesn't like the food. Once you find an appetizing diet, watch how your dog responds over the first several weeks. Spending lots of money on a holistic, top-of-the-line diet may not be necessary but you shouldn't skimp either. Then, choose a quality diet that your pet enjoys. Kindle versions are the same as the most current pamphlets available in print. Set aside time for you and your dog to bond each day. Luckily, all of these things are relatively easy to provide for your pooch. So, while your troop may not be able to go on a weekend campout together during the COVID-19 pandemic, this time could be ideal to learn how to play a new game or work on the car or prepare a first aid kit for the family. Keep your dog healthy with regular exercise and preventive veterinary care. Quite often, potential problems can be identified and treated before your dog shows signs of illness. Thank you for attending our online sessions, you have three more tasks to complete: The Dog Care merit badge worksheet can be downloaded the bottom of this page. Establish a good relationship with a veterinarian and schedule a wellness check-up for your dog at least once or twice a year. If your dog may require more exercise to burn off extra energy and keep it fit. You can also find digital handbooks and other leader resources in the BSA's Amazon Kindle library and keep checking back as more pamphlets will be uploaded in the coming weeks. Proper nutrition, preventive veterinary care, health monitoring, grooming, a place to call its own, and plenty of exercise and affection will create an environment in which your dog can thrive. The key to remember is that if something is not working out, there's an alternative that you can try that might work perfectly. So, with all the options out there, what is the best way to leash your dog? By Patty RasmussenAll dogs, regardless of breed or age, are susceptible to the flu. Beyond health concerns, vets want to make sure the animals they care for are living as happily as possible, so most are more than willing to help with any questions you have. Your dog should have an area of the house dedicated as being its own space, such as a kennel, crate, or bed. Within just a few visits, your vet will get to know you and your dog and be able to make recommendations for any health, nutrition, or behavior questions you have. Scouts are resourceful. Remember that domestic dogs are social animals that need interaction with humans. Then, establish a grooming regimen that suits your dog's lifestyle and stick with it. Proper training is paramount to your dog's quality of life. Many dogs thrive on routine and upsetting that can lead to behavior problems. Water is also essential to keeping your dog healthy. For any updated requirements, click here. If you choose to provide a homemade diet, discuss your options with your veterinarian first. Either way, reinforce good behavior and never punish your dog when the inevitable mistakes are made. Whenever you're sure your dog's basic needs, ask your vet for advice. Then, make small batches until you're sure your dog's nutritional needs. We've previously shared a Scouter's suggestion of merit badges that can be worked on from home and Scout Shop resources for some of those badges. You may prefer to join a training class with a professional instructor or want to learn about dog training on your own. Choose a training program that works for your lifestyle and your dog's needs, then follow through with it. Dogs are social animals and they are generally not content when excluded from the family unit. Though some circumstances may require dogs to live outside, most will thrive when they can be with "their" people indoors. If you do change your pet's food, always do so gradually—mixing some of the old food with the new—to avoid gastrointestinal upset or food aversion. Make sure that your dog always has access to plenty of fresh, clean water to drink. You can download the electronic reader application on your phone or tablet. Properly caring for a dog begins with having the right perspective. Be consistent and you will see positive results.
